

AMANDA BUCK

BEEKEEPERS Check List

Wintering with Buck's Busy Bee's, LLC

- Quality Equipment (newer boxes, fresh paint and newer frames)
- Quality Queen
- 2 High, 10 Frame Deep Hive Bodies
- 1 Frame Feeder Per 10 Frame Box (1gallon or more)
- 8 Frames Per Box with Frame Feeder
- 8 Frames of Bees or Better
- Must Treat with Apivar in August (Mite Control...bbb will take out the mite sticks in FL)
- Fumagilin B (Nosema Control)
- Feed, Feed, Feed (boxes should be about 40lbs a box)
- 2 to 4 Pollen Patties
- Deliver to Buck's Busy Bee's, LLC Farm site

Each hive box must have a printed-out Buck's Busy Bee's Tag. This is on the website under the wintering tab. Please write your name on the tag. This will be stapled to your hive. This is Florida requirements. Please either laminate or put it in a plastic slider and tape the edge shut so water can't get in. We will staple these on at Buck's Busy Bee's Farm site.

Please call if you have questions!
Thanks Amanda Buck
